How to Use This Book

The companion website

www.skylit.com/beprepared/

is an integral part of the book. It contains annotated solutions to free-response questions from past exams and relevant links. Check this website for the current information, and be sure you have the latest edition of *Be Prepared*.

Multiple-choice questions in the review chapters are marked by their number in a box:

1

Their solutions are delimited by  and .

Our practice exams may be slightly more difficult than the actual exams, so don't panic if they take more time.

↓ Braces like these on the margins in the free-response questions in our practice exams indicate suggestions for additional lab work based on our questions. Initial Java code for these labs is available at www.skylit.com/beprepared/. Complete solutions to the labs are available to teachers. To get access, e-mail support@skylit.com from your school e-mail account and include the school web page that lists your email address.
